**PAIN: FINDING A YARN ALTERNATIVE  
AVAILABLE FOR THE PROJECT IN YOUR REGION**

**PATTERN IN HANDS BUT NOT THE YARN**

**I buy a knitting pattern online from an American designer.  
The pattern suggests a specific type of yarn to be used, which is not sold in Europe.**

**How to find an alternative yarn for the project?**

**There are sites that provide a very narrow search possibility and it doesn't provide a wide range of yarn brands and types.**

**Yarns differ in type of fibre and thickness, it's far from being a standard product.**
